Position: Queens Program Coordinator, High Expectations (Part Time)

Job Type: Part time

HEAF is a comprehensive educational enrichment and youth development organization that works to help motivated students develop the intellectual curiosity, academic ability, social values and personal resilience they need to ensure success in school, career and life. HEAF identifies students in middle school and supports them until they have successfully graduated from four-year colleges through a variety of after-school, Saturday and summer educational and youth development programs.

The Queens Program Coordinator will be responsible for supporting the daily operations of the middle school program and will report directly to the Manager of Queens High Expectations.

Our High Expectations program works with middle school students (6th-8th grade), their families and communities to provide academic and youth leadership enrichment through after-school and Saturday programs. High Expectations integrates experiential learning and academic enrichment that begins the students’ preparation for acceptance into New York City’s top public high schools and introduces them to college preparation. By familiarizing students with the benefits of higher education as early as the sixth grade, HEAF focuses our participants’ long-term vision and offers them the tools, resources and social-emotional support necessary to thrive in college and career. Our newly founded Queens program began through a partnership with Forte Prep Academy and is growing each year. Queens middle schoolers have programming through enrichment classes and youth development after school and on Saturdays.

Ready to join our team?

We are looking for someone who puts our students first and prioritizes their needs and growth in everything they do. Ideal candidates thrive with many tasks going on at once and are ready to take on projects quickly and independently. The program coordinator should be a model of appropriate behavior for students at all times and be able implement and enforce clear routines and expectations during classes and transitions. Because we are located within a school, it is important that the coordinator build strong relationships with the school staff and collaborate in a shared setting with teachers and school administrators. HEAF serves under resourced students and a deep understanding and passion for the unique challenges of working in the education system is required. Spanish fluency is a strong plus.

Responsibilities include, but are not limited to:
