**The Harlem Educational Activities Fund (HEAF)** is a comprehensive supplemental education and youth development organization that works to help motivated students develop the intellectual curiosity, academic ability, social values and personal resilience they need to ensure success in school, career and life. HEAF identifies scholars in middle school and supports them until they are successfully admitted to four-year colleges through a variety of after-school, Saturday and summer educational and youth development programs.

This fall, we are continuing to offer after school academic enrichment and youth development programs virtually, with the goal of supporting our middle schoolers education and social emotional needs.
